Welcome to the 21st issue of DARCO India Newsletter

Dear Reader,

How time flies! Here we are already with the 21st issue of the India Newsletter and this time we're proud to announce a new product to our portfolio of offerings.

It's been over 5 years since we opened our doors for business and the progress we've made has truly been fantastic. Indeed, the needs of the foot have not changed but we're always motivated to create new and better solutions. It's our relationship with the healthcare providers and the professionals in the field that inspire our progress. The research and development continue here at DARCO in our pursuit to innovate high quality, effective products to improve the quality of life for people with foot afflictions.

New DARCO product on board!

Mobility is a leading factor in the quality of life for any person. Whether one's suffering from disease or is recovering from surgery; supporting movement and the healing process makes all the difference in the world for the individual.

We offer a wide range of solutions in our portfolio for the lower leg, foot and ankle. And now we're adding a new product to the DARCO India portfolio. Please go to our web site to learn more about this interesting addition:

The **Body Armor® Pro Term Foot Stump Orthosis** is an off-the-self interim orthotic walker for the treatment following Chopart and Lisfranc amputations.

DARCO – Your partner for professional foot care!

Yours sincerely

Shashi Surpali

CEO DARCO Medical India Pvt. Ltd.

News & Notes

Step-by-Step foot care for people with diabetes.

An ounce of pre- vention is worth a pound of cure ...

DARCO sponsored Educational Videos:

Medical Institutions throughout India and around the world seek to elevate awareness about the proper care for feet. Preventing plantar ulcerations and wounds is ultimately the best way to avoid amputation. Losing a limb has medical, social and economic consequences on individuals, communities and healthcare programs.

*"Foot ulcers are more likely to be of neuropathic origin, and therefore eminently preventable. People at greatest risk of ulceration can easily be identified by careful clinical examination of the feet, through education and frequent follow-up"*¹

Through an unrestricted grant from DARCO we are able to offer educational videos to help prevent foot ulcerations.

DARCO Medical India Pvt. Ltd and our partners

Get to know our distributors: Orthopaedic Industries

Creating a network in India poses a unique challenge purely due to its size. How can we provide the most efficient access to our orthopaedic solutions and reach the people in need? One simple answer: Through our distributors.

Distributor: Orthopaedic Industries – Pune

Orthopaedic Industries established their business nearly 35 years ago with the simple goal to improve the mobility of people with disabilities through innovative products; they've been doing just that and more ever since. What was once a "one man" operation has now grown into a successful, broad based, service and manufacturing centre. Mr. Girish Dabir, Mrs. Anita Dabir and their son, Saurabh Dabir bring together specialized experience, education and commitment to the prosthetic & orthotic clinic.

Orthopaedic Industries was one of DARCO India's first authorized distributors and their contribution over the years has been fantastic. With a full-fledged manufacturing unit and diagnostic capabilities they can provide innovative solutions for mobility and medical care to a wide array of people. In addition to the DARCO range of products, Orthopaedic Industries offer an extensive assortment of products and services; building relationships and rebuilding patient's confidence.

Family owned and operated; two generations working together with vision and determination to pursue and explore new ways to help people. We're proud to have Orthopaedic Industries as a part of the DARCO India network and we value their ingenuity and hard work and for bringing quality and comfort to the individuals they serve.

You can learn more about Orthopaedic Industries by contact us or simply call, write or even visit them in Pune.

DARCO products are distributed across India through authorized distributors. For more information on our distributors or obtaining a distributorship, please contact us directly or go to our website:

Resources and Education

DARCO India Informational Material – for our readers!

DARCO Medical India knows that high quality products can make a difference in people's lives. But more importantly, we know that producing and distributing educational content can make a difference in people's futures.

Introducing: The DARCO India Innovation E-News Compendium-Booklet

Over the years our mission and our capacity to serve has grown tremendously. We know from experience that taking the lead from science to develop the solutions can lead to better outcomes. Therefore, in addition to helping patients heal and obtain a greater quality of life, we also want to provide education and knowledge so that individuals are not only able to help themselves but also to have the empowerment to help the people they care for.

This is why the **DARCO India Innovation E-News** is so important to us and to our readers. From the beginning, we wanted to publish detailed, helpful information specifically for those addressing the needs of the people. Dr.s, nurses and practitioners all find value in the information.

The DARCO Compendium summarizes the core information from the past 18 issues. We assembled the Expertise and the Featured Product portions of our **Innovation E-News** in an easy to use booklet. The whole purpose of the E-News is to give our readers a deeper knowledge of the science behind our innovations. By combining scientific facts with innovative product solutions we can elevate awareness and promote education.

Compendium-Booklet – yours today ...

You can have the Compendium-Booklet today by simply contacting us. Please send an E-Mail to info@darco.in or contact us here at our head offices directly. We know this is a worthwhile booklet that will be easy to share with colleagues and partners so we must limit each query to maximum of 5 booklets. Offer good on a 'first come-first serve' basis and only while supplies last. Drop us a line and we'll send you your copy of the Compendium-Booklet free today.

DARCO Compendium-Booklet

The Booklet is a compendium from the extracts of "Featured product" and "Expertise" chapters of the DARCO India Innovation E-News Issue 1 – 18.

Featured Product section analyses the benefits and application of a particular product. In our Expertise section, we will share some of our 30 years of accumulated experience and know-how.
