Welcome to the 25th issue of DARCO India Newsletter

Dear Reader,

Welcome to the 25th issue of the DARCO India Innovation E-News, a quarterly publication which provides information to the medical community, institutions and distributors in India working in the field of the treatment of the foot.

Get to know us better

In the past issues of DARCO India Newsletter, we have given you an overview of our distributor network. Now it's time to enlighten you about the DARCO India headquarters in Dharwad, Karnataka itself.

2012 DARCO opened the Indian subsidiary in Dharwad, Karnataka; launching quality foot and ankle products to the Indian market. From the early beginning our goal was to explain the features and benefits of different DARCO products and provide valuable information to the foot specialists in the field.

We would like to thank our readers for following us on the quarterly E-News and visiting us online or on-site at different events. We would like to encourage you to continue to do so and maybe you will find out something you did not know about us on the following pages.

Enjoy reading!

DARCO – Your partner for
professional foot care!

Yours sincerely

Shashi Surpali
CEO DARCO Medical India Pvt. Ltd.

News & Notes

DARCO value added products

Various special insoles – many possible uses. DARCO's insole systems are the "Value Added Products" in many ways when it comes to postoperative and woundcare treatment. Many of our shoes have been designed to have interchangeable insoles, which facilitates patient-specific and indication-specific pressure redistribution. Here we strive for constant development and progress with the aim of boosting successful treatment by the medical practitioner.

One area of focus for DARCO is the development of modular insole strategies. This allows selective plantar pressure relief and is especially important after forefoot and midfoot surgical procedures.

Please visit our website to find out more about our Insole Systems and Accessories.

DARCO Medical India Pvt. Ltd

Get to know us better: DARCO Medical India Pvt. Ltd

Keep step with innovative foot care products!

26 years after the foundation of DARCO International Inc. and 20 years after the opening of the European subsidiary in Germany, DARCO opened a new and promising gateway to the treatment of the foot and ankle in regards to post operative, trauma and diabetic care in India:

DARCO Medical India Pvt. Ltd

DARCO is able to offer local assistance combined with the advantage of international exchange between its headquarters in the US, Europe and China in order to guarantee consistent quality standards worldwide.

The main focus of the Indian subsidiary is the exchange of medical knowledge in regards to the treatment of the foot and ankle, especially in the field of diabetes. Only with the help of continuous exchange of medical expertise in different treatments will it be possible to develop and market appropriate footwear products for India. Experiences from more than 30 years – time in which the European subsidiary was successfully set up – will now be utilised in the setting up of the Indian department. The growing incidence of diabetic complications in India must be countered. Based on wide knowledge and excellent products DARCO wants to contribute to this challenge, especially in regard of the treatment of the diabetic foot syndrome.

DARCO India Hub

In Dharwad, Karnataka all DARCO products for India are stored, commissioned and dispatched. Here you find the specialist for the smooth running of all transport, storage and distribution processes for DARCO India. The team coordinates shipping schedules, packing and unpacking, labelling, stacking, driving and documentation to meet the needs of all DARCO customers. The Dharwad DARCO team responds rapidly and reliably while ensuring and maintaining quality, accuracy and flexibility.

DARCO India strives to strengthen relationships and expand its corporate reach throughout the healthcare system in India. DARCO India will have the strong support of the worldwide DARCO network.

DARCO products are distributed across India through authorised distributors. For more information on our distributors or obtaining a distributorship, please contact us directly or go to our website:

Resources and Education

DARCO India Educational Material for our readers!

Share knowledge: One area of focus for DARCO India Pvt. Ltd. is sharing knowledge giving best service and proper education on how to use our products. However, the purpose of all our documents is always the same. They are intended to provide information about the products and their use to the persons utilising the products.

The documentation accompanying the product is important information for users of the products. Only with them does a user know how to use a product correctly and as intended.

For medical devices, the accompanying documents are therefore even more important than in other fields. We have products that are developed for humans to help them in different forms. If the product is used inappropriately or incorrectly, this may lead to unpleasant consequences.

Every DARCO product is accompanied by an instruction for use.

Easy download of user manuals

If by chance the instruction for use has been lost, you can easily download the user manual for each individual product by going to the product on our website www.darco.in. Below each product description, you'll find the user manuals and other helpful information under the heading: "Further Information".

Correct handling of DARCO products

Instructions for Use

DARCO Product Videos

For use of DARCO products, we are pleased to present modern Education Videos for the use of DARCO products. The handling of the aids is conveyed in practical step-by-step instructions.

You can find videos on "How do I walk properly in various DARCO shoes" or on "how to use our insole system" as well as more detailed information about the devices.
