Welcome to the 27th issue of DARCO India Newsletter

Dear Reader,

Welcome to the 27th issue of the DARCO India Innovation News, the 1st edition of the New Decade 2020. We hope you enjoy reading this quarterly publication, offering you useful information in the field of foot treatment. Even though 2020 is already some weeks old, we're hereby wishing all DARCO subscribers and readers of this Newsletter a happy and healthy New Year! Good luck with achieving the goals you've set yourself.

1985 – 2020: 35 years of quality – The story of the DARCO Shoe

After foot surgery or foot and ankle injuries as well as in the case of problems due to malpositions the question of the “right shoe” comes up. DARCO pays particular attention not only to the immobilization of the foot after surgery, but also to the encouragement of the healing process. The DARCO medical-surgical shoe is the shoe that started it all. Our original MedSurg™ Postoperative Shoe was invented over 35 years ago and has since become known as the industry standard. Often referred to generically as “the DARCO shoe”, it is anything but generic and its long list of features and excellent quality make it one of the best value products in the business.

Our best selling product – MedSurg™ Shoe – with its famous semi-rigid sole built around our patented MetaShank™ forefoot support to provide more rigid control and better protection after osteotomies.

We encourage you to read on and learn more about this focus product.

Enjoy reading!

DARCO – Your partner for
professional foot care!

Yours sincerely

Shashi Surpali
CEO DARCO Medical India Pvt. Ltd.

DARCO India – Innovation E-News | March 2020 | Issue 27

DARCO Medical India Pvt. Ltd

Get to know our products better: DARCO MedSurg™

The DARCO MedSurg™ Shoe is the most versatile postoperative shoe on the market today. Its fully customizable insole is double-padded and removable to accommodate the PegAssist™ Off-loading insole.

The MedSurg™ Shoe with its semi-rigid sole is built around the patented MetaShank™ forefoot support, which provides more rigid control under the metatarsal heads and better protection after osteotomies.

The breathable, mesh upper conforms to bony abnormalities of the foot and has a reinforced heel counter and padded heel collar to stabilise the rear foot and reduce slippage. The strapless fastening system can be removed and rotated to provide a left or right overlap with an additional ankle strap to give further comfortable fitting or added off-loading. The removable insole can be taken out and fitted with a customised PegAssist™ Insole.

The MedSurg™ Shoe can also be fitted with a toe cap which converts this postoperative shoe into a closed toe version.

DARCO products are distributed across India through authorised distributors. For more information on our distributors or obtaining a distributorship, please contact us directly or go to our website: www.darco.in/distributors-india.html

What people say:

Retailer, Mumbai

“As a shopkeeper, a quick recovery is especially important to me. I was hardly restricted in my everyday life.”

Thomas Dietrich,
Product Development
Team | DARCO (Europe)

“The MedSurg™ relieves the forefoot optimally. The wearing comfort has also impressed the patients.”

Pushkar Chincholikar,
Sales & Marketing
Consultant | DARCO
Medical India Ltd.

“Knowing the industry means also knowing all perspectives: doctor, patient and dealer.”

Resources and Education

DARCO India Educational Material for our readers!

DARCO presents:
Biomechanical Analysis of Pressure Redistribution

We are pleased to introduce different biomechanical analysis of pressure redistribution. Contrary to the usual static measurements on the market, DARCO compiled a high value analysis comparing different average dynamic pressure measurements. In addition, all suitable DARCO insole systems are considered.

Biomechanical analysis of pressure redistribution:

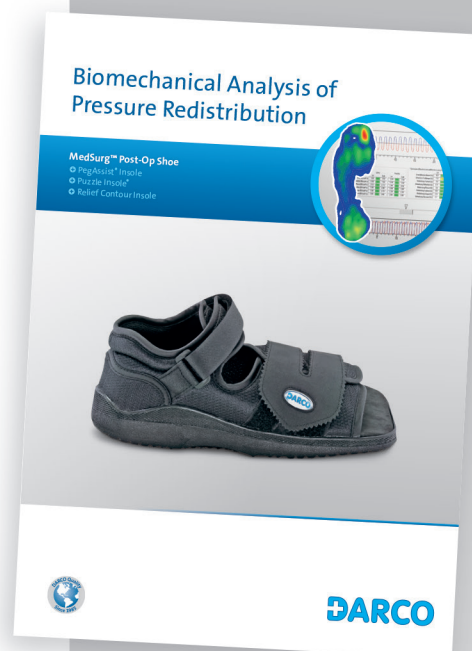

MedSurg™ Post-Op Shoe

+ PegAssist™ Insole

+ Puzzle Insole® (available only US/Europe)

Learn more and feel free to download information material of the MedSurg™ Post-Op Shoe on our website www.darco.in
